Job Placement

Inclusion into the school's career services program is voluntary as employment is determined by a number of factors most of which relate directly to the student. Although the school will assist the student with resume service and job placement assistance, the student must be proactive as well in their search for employment. The school cannot guarantee employment or salary. Keep in mind that the school's career services are most successful for students with the best evaluations. Students desiring job placement assistance must register their request in writing to the Director or Acting Director. Due to the specialized nature of our business, travel and/or relocation may be necessary in securing employment. It is the responsibility of the student to make contact with the employers, set up interviews and report their success to the school.

Placement into a job is not guaranteed.

Procedure for Registering a Complaint

Students who have a complaint should contact the School Director. All complaints should be in writing and signed. The School Director will review the complaint and attempt to resolve the matter. If the student feels the school has not adequately handled the complaint or concern, the student may consider contacting the Division of Law Enforcement Education and Trade Schools State Board of Private Licensed Schools, PA Department of Education, 333 Market Street, 12th Floor, Harrisburg, PA 17126-0333. Our school is licensed by the State Board of Private Licensed Schools.
